

Business Continuity Statement

"PHOENIX Group aims to promote business continuity and operational resilience across all entities. This statement describes our intended approach to preventing, preparing for, responding to, and recovering from disruptions, with the goal of safeguarding our people, operations, partners, and communities. We strive to maintain a consistent supply of medicines and healthcare products across Europe. Our approach is informed by applicable legal and regulatory requirements, as well as internationally recognized standards and industry best practices, to support a robust and coordinated response."
